## Kitchen Appliances

---

Like cooking, making a kitchen is too an art. Selection of materials for the kitchen like Wood, Stain, Appliances, and Accessories Color etc is very important. Your kitchen should be hygienic, convenient and designed as per the requirements of the family. We keep all these points while designing your kitchen.

### Shutters

Shutters are made of treated hard wood frame which is safe from seasoning, bores etc. Our Shutters are designed for a different look for your kitchen. We also provide medium density fiber wood shutters. This is available with different colors and design. All our shutters are suitable for climate conditions.

### Carcass

Our carcass is made of premium quality water resistant pre-laminated marine plywood (Painted carcass are also available in economy kitchen). Pre-laminated carcasses are very good for extreme wet and hot climate like Kerala. Water resisted smooth finish is long lasting and have more resistance against the attack of white ants and bores.

### Hardware

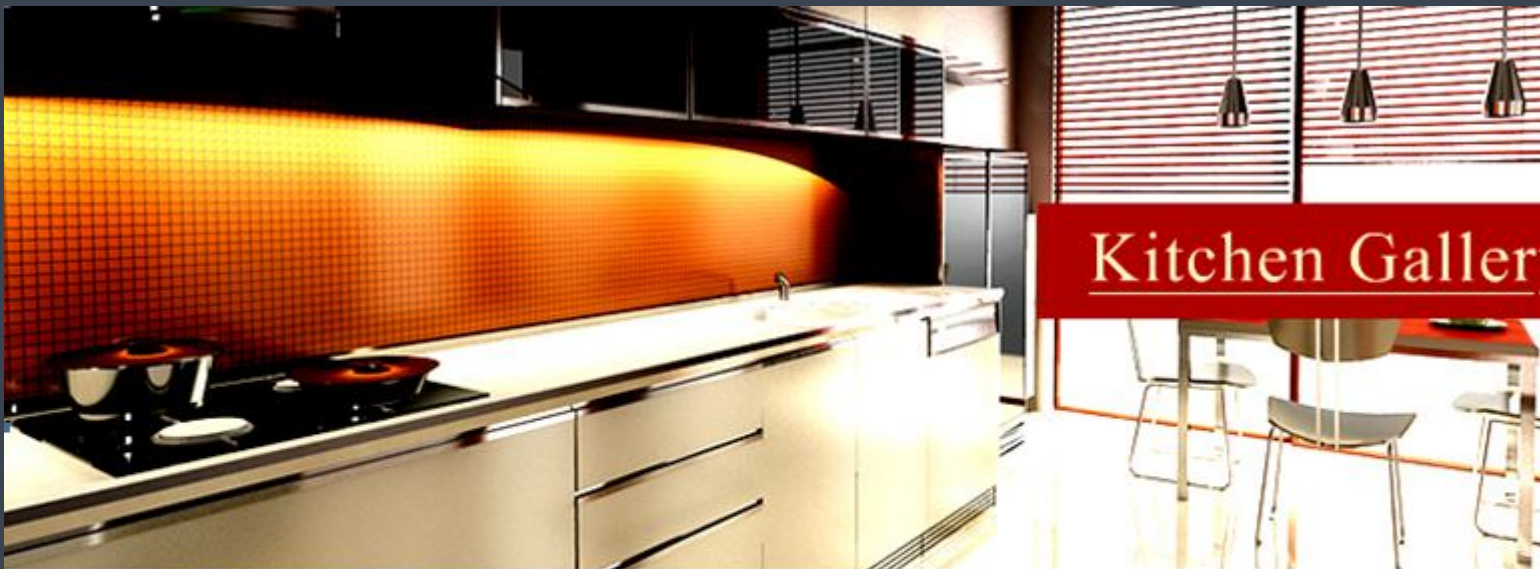

Hardware is very important in kitchen. A non standard local hardware will reduce the life of your kitchen. Our kitchens are fitted with imported premium hardware.

## Designing

Now you can demand a complete photo finish drawing of your kitchen from our company. Our trained designers can give you beautiful kitchens as per your choice and budget. Even our Customers can join in designing kitchen.
